Profile

Aspiring UI/UX designer and front-end developer with hands-on experience from self-initiated projects and startup work. I enjoy designing clean, intuitive interfaces and bringing them to life with code. Looking for an internship or junior role where I can keep growing and contribute to something meaningful.

Work Experience

Gaddr - UI/UX Design Intern

2025 (3-month internship) - Present

- Created and prototyped new screens for the platform,
- Built and managed Figma components to improve consistency across the design system.
- Collaborated with other designers and developers to align design and product direction.

Pelatech AB - UI/UX Designer & Front-End Developer

2024 - Side Project

- Sole designer/front-end in a small team, working across two SaaS products:
 - MailSign - Designed full product UI and layout for an email signature tool.
 - QuickCalc - Created a CPQ tool, leading all UI/UX and front-end (TypeScript, Vite, Tailwind, Shadcn).
- Built and managed design systems and responsive components in Figma.
- Collaborated closely with founders and developers on product direction.

Dolce Vita Café - Web Designer & Developer
